

Small/Micro Business Enterprise Program & Minority/Women Business Enterprise Certification Procedures Manual

I. PURPOSE

The procedures stated in this document constitute Miami-Dade County Public Schools (“M-DCPS”) procedures (“the Procedures”) for implementing the goals and objectives set forth in the School Board of Miami-Dade County, Florida’s (“BOARD”) adopted policy 6320.02 (Small/Micro Business Enterprise Program).

For successful bidders, certification must be maintained throughout the selection process and contract award. With the exception of the provisions described in the Small and Micro business enterprise policy for graduation from the Small and Micro business enterprise program,

temporary lapse of Small/Micro certification status may lead to removal of the firm from continued participation in the Small and Micro business enterprise program. After contract award, but prior to completion of its scope of work under the contract, if an Small/Micro firm loses its certification status for reasons other than fraud or misrepresentation, for the duration of that contract only, the Small and Micro business enterprise certification status shall be deemed valid. In the event an Small/Micro firm loses its certification for reasons of fraud or misrepresentation, the firm shall not be entitled to Small and Micro business enterprise status for any portion of the current contract or any subsequent contracts. Following any requested hearing, and upon completion of its review of all such evidence and arguments presented, the OEO may either rescind the Notice of Intent to Decertify, or issue a Final Notice of Decertification to the Small and Micro business enterprise owner by certified mail.

If the OEO decertifies a Small and Micro business enterprise proposed to work, or currently working on a M-DCPS contract, the decertified Small and Micro business enterprise participation on the contract will be counted toward the fulfillment of M-DCPS' Small and Micro business enterprise goals for the duration of the contract and future contracts may be impacted. The OEO shall maintain a list of all decertified firms with the facts leading to decertification and shall provide internal departments notification of this action within 5 business days.

The OEO shall deny certification and re-certification to any applicant, and shall decertify any previously certified Small and Micro business enterprise, that fails to comply with the eligibility criteria or procedures of the Small and Micro business enterprise policy as amended.
